SQRCD-SERIES SQUARE CAKE DISPLAYS

PERFORMANCE & OPERATING CONDITIONS

SQRCD series cake displays are designed to hold product at below 5°C. Thermostat adjustable between 2°C & 15°C for products requiring different holding temperatures. SQRCD cabinets are rated to operate at ambient temperatures up to 32°C. Front & side glass panels are guaranteed to remain condensation free at 70% relative humidity.

STANDARD FEATURES

REFRIGERATION SYSTEM

Uniquely designed gentle air circulation above each shelf. Cold air is ducted throughout the cabinet and falls gently on to the product without the use of fans. Reliable self contained, bottom mounted refrigeration system, using environmentally friendly R-134a refrigerant. All ventilation at rear of cabinet. Refrigeration system easily serviceable from removable panel at rear of unit.

CONTROLLER

Adjustable microprocessor control with digital temperature display. Separate power & light switches

BODY & FURNISHING

Double glazed "Low-E" straight glass front & sides with warm air directed up front of unit to prevent condensation. Top of display section is made from 10mm glass. Self closing double glazed sliding doors to rear with one way mirror finish (SQRCD9 equipped with double glazed rear swinging doors.) All external panels are fully insulated and finished with satin finished 304 grade stainless steel on exterior faces. All internal surfaces are 304 grade stainless steel. Stainless top - rear serving shelf. Supplied on 78mm castors for ease of cleaning.

SHELVES

3 fixed display shelves, each illuminated with high impact lighting. Shelves constructed from stainless steel & covered with glass, to prevent scratching & for ease of cleaning. Ticket stripping provided for top two shelves for improved product merchandising.

OPTIONS

Heated double glazed glass all around display case, (excluding rear doors) with separate controls.

WARRANTY

12 months onsite parts & labour.
